County Receives \$12,000 Surprise

Crawford County received a \$12,167 offer they couldn't refuse.

International Surplus Line, an insurance firm in Illinois, recently notified the county they were covered for court costs involved with a case against former prosecutor Alton Davis. The \$9,000-plus settlement with Davis plus court fees totaled \$17,167. With a \$5,000 deductible, the Illinois firm offered to pay \$12,167. The county quickly accepted.

Prosecutor John Huss said no one at the courthouse knew about the firm or how the Illinois firm found out about the court case. Huss said the county had insured with the firm back in 1980 at the time of the court case but had cancelled the policy since then.

Hanson Hills To Host "Russian Picnic"

Throughout the ski season, Hanson Hills has offered several Monday evenings of extras for area adults. This coming Monday evening, March 8, is no exception, for on that evening the park is planning a "Russian Picnic". All area adults are invited to come and participate in the festivities which will include plenty of excellent skiing, dancing to the music of the Original AuSable River Dixieland Band, and plenty of food and drink, although just what the food and drink is going to be is being kept under wraps, but it is a sure bet that everyone will have plenty to snack on and sip. And here's the good news, the dancing, the snacks and the sips, are all free. Those who wish to ski will pay the regular ski lift price of \$4.00.

Monday evening's "Russian Picnic" will close the adult night activity for the ski season. Spring is on the way and the skiing enthusiasm has begun to subside; consequently, Hanson Hills is beginning to take steps to close out the season in an effort to keep the park operation financially sound. So, all area adults, don't miss this final fling of the season. Come out to your community recreation area Monday evening March 8 and join in all the fun and help us close the season with a "bang". The slopes will open for skiing at 7:00 p.m. and the fun and games will begin at 8:00 p.m.

World Day of Prayer

We remind you of the Service at St. John Lutheran Church on Friday, March 5 at 1:30 p.m. This is a most unique gathering of Church Women all over the world on the same day. It is ecumenical...women of different faiths will be our leaders.

There is always the possibility of BAD weather. If this should happen, the Service will be rescheduled one week later on March 12. Listen to your radio or call 348-8260 or 348-5571.

Traffic Light Destroyed; Vehicle Stolen

A traffic light at the corner of McMasters Bridge Road and M-72 East was shot several times ruining the traffic control device valued between \$500 and \$1,000. The light has helped reduce the number of accidents at the corner. Before the device was installed, several fatal accidents occurred at the intersection.

Spent cartridges were discovered at the scene after Fritz Gornick, a Crawford County Road Commission driver, discovered the damage on Feb. 25. Anyone with information about the shooting is asked to call the Sheriff Dept.

A vehicle stolen from the high school parking lot Friday was recovered later that day abandoned near the Zilwaukee Bridge in Saginaw County. A juvenile connected with the theft was picked up at the Richfield Township Police Dept., by Crawford County juvenile authorities.

In police news, 15 Crawford County Sheriff Dept. personnel and five Grayling City Police officers were among 50 law enforcement persons attending a stress management class held at the Grayling Holiday Inn Feb. 27. The class was jointly sponsored by the city and county police departments in cooperation with the Michigan Law Enforcement Officers Training Council.

Stage Is Set For Economic Rebound In County

By Jon Thompson

Mackinac County unemployment recently hit 33.1 percent. Onaway has the highest percentage of workers unemployed among all the cities in the nation. Roscommon County has one of the highest unemployment per capita figures in the state.

The picture is a little bit brighter in Crawford County. Although latest unemployment levels were at 18.5 percent in December for Crawford, this mark is considerably lower than the 27.1 percent high mark recorded in Feb. of 1981 or the 22.4 percent reached in Dec. of 1980.

The December 18.5 percent also does not include the addition of A & R workforce to the local economy. Additionally, Weyerhaeuser is expected to add another 100 workers by late summer.

Besides these two new industries in the coun-

ty, Jim Karpicki, of the Grayling MESC office, said the stage is set in the county if the economy starts to pick up. He said many companies have facilities capable of producing more goods and are just waiting to increase production when the economy turns around.

Crawford County had a workforce of 3650 in December with 675 persons unemployed, according to MESC statistics. Karpicki said Crawford County hit a big turning point in November of 1978 when Bear Archery left. Unemployment jumped from 9.5 percent to 19.4 percent and has stayed in double digits ever since.

RR Loading Dock Plan Put On Hold

By Jon Thompson

A plan to place a railroad loading dock in Grayling has been temporarily put on hold while local officials collect more information on the amount of freight and number of railroad cars expected to be handled at the facility.

Last January, the Crawford County Economic Development Corporation submitted a proposal to place a \$100,000-plus Multimodal Freight Facility along the Detroit and Mackinaw line in the Grayling Industrial Park. Transportation officials said then there was a good chance the facility would be funded entirely by the state as part of a pilot program aimed at reducing transportation costs in northern Michigan to allow for economic

growth.

Last week, however, county commissioner Larry Mattis met with Dept. of Transportation Director John Woodford and found out state money problems have ruled out 100 percent state funding of the project.

Mattis said local officials are still working on a deal with the state. One possibility he said was a loan to E.D.C. or whoever was running the freight facility. Payback could be determined by the surcharge on users of the facility.

Besides unloading and loading railroad cars, the proposed facility could also handle trucks "piggy-backing" on railroad cars.

"Everyone would benefit from this kind of facility," Mattis said.

Construction continues at the new Weyerhaeuser Structurwood® mill south of Grayling on Four Mile Road with operation expected to begin in the late summer of 1982. As the start-up date approaches employees will be selected and trained to work in various positions. The new mill will employ a total workforce of approximately 150 employees when in full operation.

During the next several weeks, Weyerhaeuser will be conducting community meetings to acquaint people with the Company and the operation of the Grayling mill. You are cordially invited to attend these meetings and learn about this new addition to the local economy. These meetings are NOT designed to accept applications or any other form of job request. No employment will occur as a result of your attendance at these meetings.

Camp Grayling Land Looked At In Toxic Waste Burner Proposal

By Jon Thompson

A state representative pushing to build a state-owned toxic waste incinerator mentioned Camp Grayling land as a possible site.

State Representative Charles Mueller, of Penton, said a state incinerator should be built in a sparsely-populated area, but one that can be easily reached, according to a Booth News Service article.

Mueller said Camp Grayling, a National Guard train-

ing reserve, has 30,000 acres of mostly state-owned land with few neighbors and little environmental value because of its military use.

Camp Grayling Commander Colonel J.R. Lippert and Military Affairs Information Officer Captain Michael Johnson in Lansing said they haven't been informed of any proposal. Johnson said his office will be contacting Mueller.

Mueller said he has not lined up any political support

for his plan yet but has talked with a number of legislators. Current legislation in the House Conservation, Environment, and Recreation Committee calls for the construction of a state-owned incinerator but does not indicate how it would be funded or managed. Mueller said if this legislation is approved by the houses in the next few months he believes a state incinerator could be ready for operation by the fall of 1983.

4th Grade: Covering Basics But No Extras

By Jon Thompson

The most important change in Mrs. Akers fourth grade classroom this year is the increased number of students.

Mrs. Akers, who's taught for 23 years, has 34 students this year - the most she has ever had in a classroom. She started teaching with 15 kids in a room. She's averaged 25-29 kids throughout the 22 years she has spent at the Grayling Elementary and South Side school.

"It makes a difference," she said. "In reading I'll probably have one student reach the advanced level of 12 this year. I think more could have made it this year but there's too many students to work with. I don't have as much time to spend with each student as I would like to have."

"Oh, we're covering the regular academics all right. There's just no time for the extras."

Extras include helping some of the brighter students reach level 12 in reading. Most of the fourth graders here are in level 10.

Extras might also be helping the students grasp higher math skills. Five years ago through a team-teaching effort, many of her fourth graders mastered double-digit division. This year, her students are still working with multiplication tables and single digit division, the usual level for fourth graders to be at.

Besides the dramatic change in the number of bodies in her classroom this year, Akers has also noticed a subtle change in the minds of the students during her 23 years of teaching.

"Kids are less creative now because they watch so much television. It's hard for them to create problems in their minds - television does it all for them. When kids listened to radio more and read more, it was easier for them to create pictures in their minds."

Two big plusses going for kids in Akers' classroom are modern textbooks and her experience. The reading and spelling workbooks are colorful, challenging, engrossing - they would hold the interest of many adults. Encyclopedia Brown solves a mystery and fourth graders learn how to read and write.

Akers' experience turned a classroom stirred up by a visitor into a quiet learning center within moments. All 34 students focused attentively on Akers as she turned learning multiplication and division into a game similar to Bingo. The only noise for the next 20 minutes came when a student called out "I'm a Whiz," signalling he or she had an equivalent of a Bingo on their sheet of multiplication and division problems.

As with other elementary students, Akers' fourth graders have no gym or music class. They have library every other week but will not be taught library skills by a librarian this year as fourth graders in previous years have been.

Akers also said parent participation in parent-teacher conferences are down this year. In the past two years she has had 100 percent attendance from parents of her students. This year she has had only 70 percent attendance.

SNOW FUN—These 25 elementary students lined up at the top of the large snow hill in front of the Grayling Elementary School and all jumped at once - creating the jumble pictured above. The students were playing on the hill during recess on a sunny afternoon last Thursday.

Siblings Allowed To Visit

Youngsters will be able to visit newborn brothers and sisters at the hospital as a result of a new sibling visitation policy adopted by Mercy Hospital, Grayling.

Shirley Clark, Head Nurse in the Obstetric Dept., said that the plan was adopted due to high parent demand. "We found that mothers requested it quite often," Clark said.

The policy allows siblings to visit from 2 to 4 p.m. and 7 to 8:30 p.m. They are allowed to see their new brother or sister through the nursery windows.

New mothers, for the most part, enjoy having sisters and brothers visit the new baby in the hospital. They often feel that it makes things easier after the baby comes home, Clark said.

RSVP Reports

Family and Community Support Systems are very important to seniors. To the lonely and disadvantaged, a hot meal, an arm to lean on, or an encouraging word are simple acts of kindness that can make a world of difference. Combine these acts of giving with some real practical services, and you can address a variety of social and human problems. Retired Senior Volunteer Program members are often precisely the people who provide these services and offer the care to lonely or disadvantaged families.

In Crawford County, RSVP has many volunteers who are involved in the Homemaker Services, Telephone Reassurance, and Friendly Visitor Program. We are always in need of people who would be interested in either of these services.

Don't forget to mark May 14, 1982 as the day for our annual RSVP Recognition Dinner. It will be held at the Holiday Inn. To be a guest of RSVP you must have served 30 hours or more. If you're not sure how many hours you have, call the office. If you aren't up to 30, we have plenty you can do.

Joseph Kernosky celebrates his birthday anniversary only every four years, having been born on Feb. 29, so members of the Birthday club figured that he was entitled to a grand celebration this year if anyone was. Mr. Kernosky was presented with a lovely gift.

The Bible Speaks

From Calvary Baptist Church

Introduction to Sanctification

Sanctification deals with our being set apart to a Holy God, and set apart from sin. There are 3 steps in Sanctification: 1) Positional, 2) Practical and 3) Perfect. Positional deals with our past union with Christ when He died on the cross. "By the which will we are sanctified through the offering of the body of Jesus Christ once for all...For by one offering he hath perfected forever them that are sanctified." Hebrews 10:10, 14. Therefore, the Positional Sanctification of the Christian is past, complete and eternal.

Our Practical Sanctification deals with our present union with Christ and depends upon our obedience to His Word and confession of all sin. This was the prayer of Jesus Christ in John 17:17: "Sanctify them through thy truth: thy word is truth." Christ intended this cleansing for the entire church: "...Christ also loved the church, and gave himself for it; That he might sanctify and cleanse it with the washing of water by the word, That he might present it to himself a glorious church, not having spot, or wrinkle, or any such thing; but that it should be holy and without blemish." Ephesians 5:25-27.

If we walk in the light of God's Word as intended above then the blood of Jesus Christ forgives us for sins of ignorance. "But if we walk in the light, as he is in the light, we have fellowship one with another, and the blood of Jesus Christ his Son cleanseth us from all sin." I John 1:7. As the truth of God's Word brings us light on what is sinful, we are to confess these sins and forsake them. "If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness." I John 1:9. Our Practical Sanctification deals with our willingness to let the Holy Spirit have our complete control of our lives each and every day until Christ returns.

Our Perfect Sanctification will come when Christ returns and gives us a new glorified body like He has.

"Beloved, now are we the sons of God, and it doth not yet appear what we shall be: but we know that, when he shall appear, we shall be like him; for we shall see him as he is." I John 3:2. "For this corruptible must put on incorruption, and this mortal must put on immortality." I Corinthians 15:54. Our spirit is made perfect by Positional Sanctification, our soul is cleansed by the blood of Christ by Practical Sanctification, and our body will be transformed and glorified by Perfect Sanctification when Christ returns. Positional Sanctification gives us victory over the penalty of sin. Practical Sanctification gives us victory over the practice of sin. Perfect Sanctification will give us the victory over the presence of sin. (adv.)

Mrs. Larson's first grade classroom all got Allie Crocodile toothbrush kits. In the kit they got a toothbrush, a tube of Crest, and two red disclosing tablets. We talked to Jody Pratt and Sam Mack. They said the disclosing tablets didn't taste good. That same week they made polar bears. They colored them black and white. We talked to the same kids. Mrs. Larson's classroom learned how to tell time. We gave them some clocks and showed them a couple of things. We gave them a quiz. We gave them a time on the clock and it was six o'clock and they said six o'clock. They got it right. By Lori Gust and Jannice LaDuke, 5th grade.

On February 17, Mrs. Prause's class had art. In art they were going to make a project. To make it, Mrs. Prause had some little paper frames, molded-like pictures, and some tin-foil-like material. First, they took some tin-foil-like material and folded it over the molding very carefully and as neatly as possible. Next, they took some large toothpick-like things with one end pointed and one end flat and rubbed over the molding until you could see the outline of the picture. Third, they went over the outline a couple of times so that you could see it better. Finally, they put on some thick, black paint and put that over the picture. They had to be very careful

because if they got some on their clothes it wouldn't come off. Also, they had to be careful not to put too much on, otherwise their picture wouldn't be very good.

Next, they took a wad of paper towel and took as much as they pleased off but they let it stay in the cracks. Then you could see it better.

Last, they took the foil off the picture mold and put it in a frame. Then Mrs. Prause stapled it up on the bulletin board. By Kris Partello and Paul Failing, 5th grade.

Save Those Boxes & Labels!

Why? The Grayling Elementary School is saving labels and boxes. What for? Mrs. Hoyt came to our room and told us what to save like candy wrappers and cereal boxes, etc. She collects them almost every day and then she will turn them in some place and get money for the school. It might help us a lot. I hope we get enough money so we can have our school library open. Save those wrappers, labels, and boxes! By Ann Mosher and Nikki Annis, 5th grade.

Mrs. Bovee and Mrs. Smock's classes went to the Mercy Hospital. On February 12, And, of course, we walked there. When we got there we split up into three groups. I was in group one.

My group went to the emergency room first. In the emergency room the nurse showed us the stethoscope and the blood pressure

Win Regional Title 7 Matmen Head to State Finals!

The GHS wrestling continued their winning ways last weekend bringing home a regional Class C title trophy from Lakeview after beating out 30 other schools.

In a clash between down-state and northern Michigan schools, the Grayling Grapplers placed 1st with a team total of 93 points. Lakeview

took a 2nd place team win with 77½ points, and Whitehall placed 3rd at 70½ points.

Coach Don Ferguson's Vikings qualified 7 out of 9 wrestlers for the Michigan High School Athletic Association state finals, to be held on March 5th and 6th in Middleville.

The Vikings 132 lb. Tim

Ferrigan took the Regional Championship, and now has a record of 44-1. Placing 2nd at 111 lbs. were Steve Sauve (36-4), 126 lb. Tim Jensen (37-4), and 155 lb. John Solomonson (39-3). Taking a 3rd place win was 167 lb. Jeff Knight (39-5). 112 lb. Dan Meldrum (28-16), and 145 lb. Jim Piper (28-16) both had

4th place victories. Also scoring team points was 105 lb. Chris Krajenka.

Due to an injury received in districts, senior 138 lb. Dave Pettit was unable to wrestle in regionals, but Coach Ferguson stated that "Dave has been an outstanding wrestler and a tremendous team person." Dave finishes his high school career with 95 wins.

Ferguson also stated "We are depending on a lot of strength from this co-captain for moral support going into the state finals on Friday."

The Grayling team set a record in almost every category this year. First, they have had the most consecutive dual victories in any one season: second, to win the most tournament victories in any one season with a total of 10 team trophies. Third, Tim

Jensen and Tim Ferrigan both have received a total of 100 career wins each, and fourth, the matmen received first place titles in conference, district and regionals.

After Saturday's victory, Ferguson gave a brief account of each state qualifier: Junior 112 Dan Meldrum "came back and defeated Chuck Synder of Kalkaska, who had defeated Dan once previously." Junior 119 Steve Sauve "won his first two matches, and took a 2nd place win after wrestling Tim Balzeski, a world champion in free style who defeated him by a score of 4-2." Senior 126 Tim Jensen "won his 1st two matches, and was defeated in the finals only by one point in the last 5 seconds by Scott Pepper of Byron Center."

Senior 132 Tim Ferrigan "defeated all three opponents, and marched his way to a championship by defeating Joe Dennis in the finals with a score of 4-3." Junior 145 Jim Piper "wrestled well and had a very good day by winning 2 matches for a 4th place finish." Junior 155 John Solomonson "won 2 victories and took a second place to undefeated John Riemersma of Kelloggsville, with a score of 5-4." John now has 95 victories to his credit. Senior 167 Jeff Knight "wrestled well and placed third by defeating Allen Berfman of Charlevoix." Jeff now has 65 career wins in two years of wrestling for Grayling.

Coach Ferguson stated that his wrestlers will be in top form, and will continue with two workouts a day in preparation for the state finals.

Sibs for Kids

The Crawford County Sibs for Kids and AuSable Valley Youth Services Bureau have had many activities during January and February including 6 cross country ski outings at Hartwick Pines State Park, 1 cross country ski outing at the Holiday Inn, and 2 swimming outings.

The AuSable Valley Youth Services and Crawford County Sibs for Kids will be sponsoring a last chance after game dance, along with the Grayling High School volleyball team. This special event will take place at the High School gym and will last until 11:45. The music will be furnished by Thane Doremire on March 5.

Supreme Court Takes Jurisdiction of Reapportionment

Warren M. Hoyt, Executive Director, MPA

The state Supreme Court has agreed to hear arguments regarding legislative reapportionment which will determine the state Senate and House districts for the next 10 year beginnings with the 1982 election.

The court, in Reapportionment of the Michigan Legislature - 1982, will begin the hearing process to consider various plans, hear arguments on what authority the court has to adopt a plan and, if a majority of the court is unable to adopt a specific plan, what the consequences will be.

The Commission on Legislative Apportionment, unable to agree to a plan, notified the court who, in turn, accepted the case.

Separate motions were filed by Democrats and Republicans asking the court to adopt guidelines for finalizing a plan.

A. Robert Kleiner, the Democratic co-chair of the commission, said he believes the court will receive all proposed plans & take jurisdiction over additional proposals and assume auditing by the secretary of state and other procedures to adopt a final plan.

The reapportionment commission, composed of four Democratic and four Republican members, had been considering plans for the past few months and had officially reached a stalemate. At that point, the plans went to the Court for final determination.

With the politically sensitive issue of reapportionment, neither party is assured a majority of the court.

Three members of the court were elected after being nominated by the Republican party, two were elected after being nominated by the Democratic party. Two others had originally been in the Democratic party but won election to their

current terms without being nominated by the party.

Mortgage Money Made Available From Pension Funds

Loren Monroe, state treasurer, announced that the state will commit \$50 million from state administered pension funds to mortgage funds in an effort to stimulate Michigan's home building industry.

The mortgages will be made available at a 14.78 per-cent interest rate which, when discount points are added, will net the pension funds a return of 15.9 per-cent.

Mortgage rates from commercial lenders are hovering around 17 per-cent.

Monroe explained that the program will earn a fair rate of return for the pension funds, put some building employees back to work and provide lower cost mortgages for new home buyers.

He added that if the program is successful, there is a chance that a second program could be instituted later this year.

The mortgage money can only go for new homes, 75 per-cent of which must have begun construction after November 1, 1981.

The minimum loan must be \$25,500 and the maximum \$125,000. The minimum home cost must be \$27,500 and there is no maximum cost that applies.

The loans will be available to any purchaser with no limits on income.

The money will be distributed to state lending institutions by the Mortgage Guarantee Insurance Corporation.

The program is estimated to help build some 800 new houses, figuring an average mortgage cost of just over \$60,000.

Bits O'Talk

By Fay Bovee

The concert at Kirtland Community College on Saturday night was well attended and we saw many Grayling people there. The Reef Petroleum Big Band was most enjoyable to listen to and we were very much impressed by the Roscommon High School Jazz Band under the direction of Larry Sumerix. They had placed as runner-ups in the Jazz Festival at Central Michigan the week before. We'd like to congratulate them.

Herb and Cindy Olson attended the Farm Bureau Insurance Convention at the Hilton in Traverse City last week from Monday to Wednesday.

The Les Hunters entertained family and friends this past weekend for a winter sports weekend and anniversary celebration for Les and Dena. The group brought along an anniversary cake again this year. Coming from the Flint area were Mr. and Mrs. Robert Willis, Mr. and Mrs. John Keely, Mrs. Dorothy McClanahan, and Mr. and Mrs. Herman Sortyl. Dorothy, who lived in Grayling at one time, spent Saturday with good friends, LeRoy and Loretta Christian.

RSVP Picnic

By Sherry Haag

There will be a picnic (yep, you read that right, a picnic) for all RSVP volunteers on March 17, 1982. Course we'll have to have it indoors, so it will be held at the Frederic Sportsman Club. Starts at 12 noon, over at approximately 2 p.m.

RSVP will provide hot dogs, buns, lemonade and dessert. Volunteers please bring a dish to pass.

Mr. George Wallace will give a presentation on birds, and there'll be several surprises, too.

Dial-A-Ride will provide transportation from the RSVP Office to the Sportsman Club and back to the office. Bus leaves at 11:45 a.m. Please call 348-8322 by March 15 for your reservation or more information.

Eagles Auxiliary

The Eagles Auxiliary met Feb. 25 with 14 members present.

Mary Cariveau was elected to office of Vice-President replacing Winnie Nimms who has moved downstate. Past Madame President Ann Latusek installed her into office.

After a very short meeting, cake, jello and coffee were served honoring the birthdays of Pres. Dee Bellanger and Jr. Past Madame Pres. Betty Lozon. On Sunday, Feb. 28th an initiation was held. Tracey Olander and Virginia Lane were inducted into the Auxiliary. A roast beef dinner was served and we had a good turn out of members.

Our next meeting will be Thurs., March 11th with the meetings again starting at 8 o'clock.

Please note time change.

Vikings Shooting For District Title

By Jon Thompson

Grayling can turn its whole season around by capturing the district title in state tournament play next week.

Two years in a row Grayling finished with fine 17-5 records but were stopped short of district titles. This year, the Vikings are struggling with a 4-14 mark but have a good shot at a

district crown for two reasons.

First, Grayling is hosting district play at its high school gym. Second, the other five teams in the district aren't powerhouses.

Tawas has the best record going into the tournament at 15-4, Roscommon is at 10-8, Whittemore-Prescott 10-9, Lake City 9-9, and Houghton Lake 5-13. Grayling head

coach Butch Hayes rates Tawas the favorite because of their record and places Roscommon also at the top.

Tawas has beaten Whittemore-Prescott twice this season and beat Houghton Lake by one point. Houghton Lake has beaten Lake City twice and has lost twice to Roscommon. Roscommon, however, lost the services of their star junior, Craig Townsend, two weeks ago and may be hurting going in-

to district play.

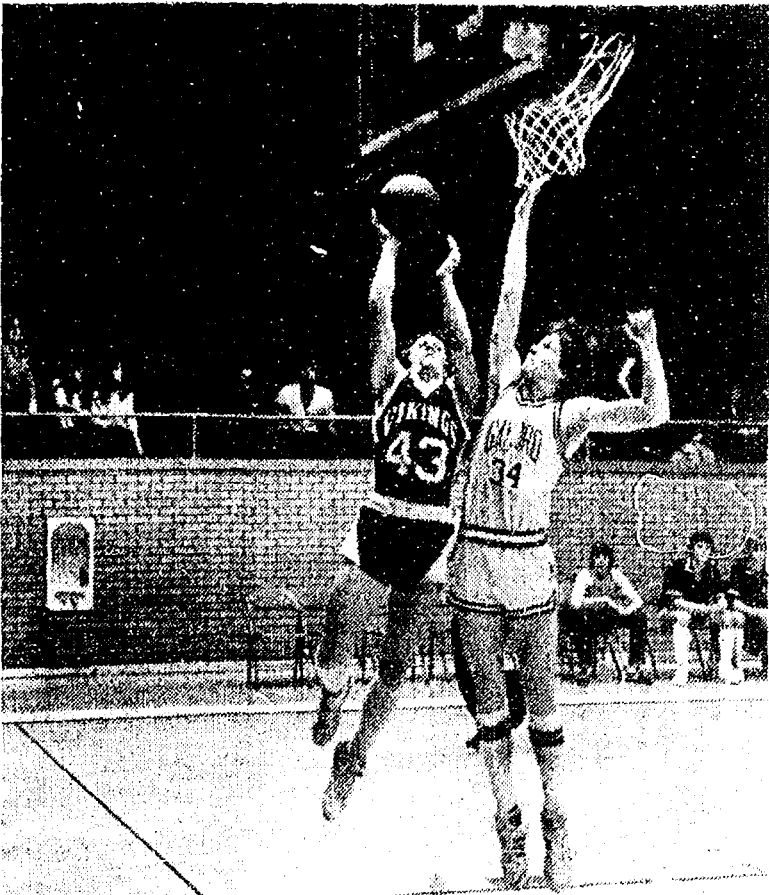

Grayling split two games with Roscommon winning at home and losing on the road.

Hayes said no matter who the Vikings draw in this week's pairing of games, the green and white are going to have to play well. The Vikings will play Tuesday night in the opening game of the week, and if they win will play on Thursday and Saturday.

Hayes said his club will try

to open up their offense more and run more. He wants them to move the ball up-court quickly and play a more disciplined game. Grayling will have to shoot well from the free throw line and keep the other team away from the charity stripe if they are to win.

Finishing their senior year of basketball for the Vikings will be Brad Trenary, Tracy Fagan, Jamie Radebaugh, and Ted Methner.

TRENARY FOR TWO—Brad Trenary scoring two points for the Vikings has been a familiar sight for Grayling fans this year. Viking supporters are hoping Trenary carries a hot shooting hand into the district tournament to lead the Grayling squad to a title.

BIG MAN SCORES—Tracy Fagan spins underneath the bucket to point in two points. Fagan has come on strong rebounding and scoring in double figures for Grayling the past few weeks.

Vikings Lose in U.P.

The St. Ignace Saints turned the Vikings trip across the Straits last Friday into a long road trip by beating Grayling 65-54.

Grayling was outscored 25-14 in the third quarter to break open a close game.

Coach Butch Hayes said Grayling shot 4 for 12 from

the free throw line and missed a bunch of one-and-one shots.

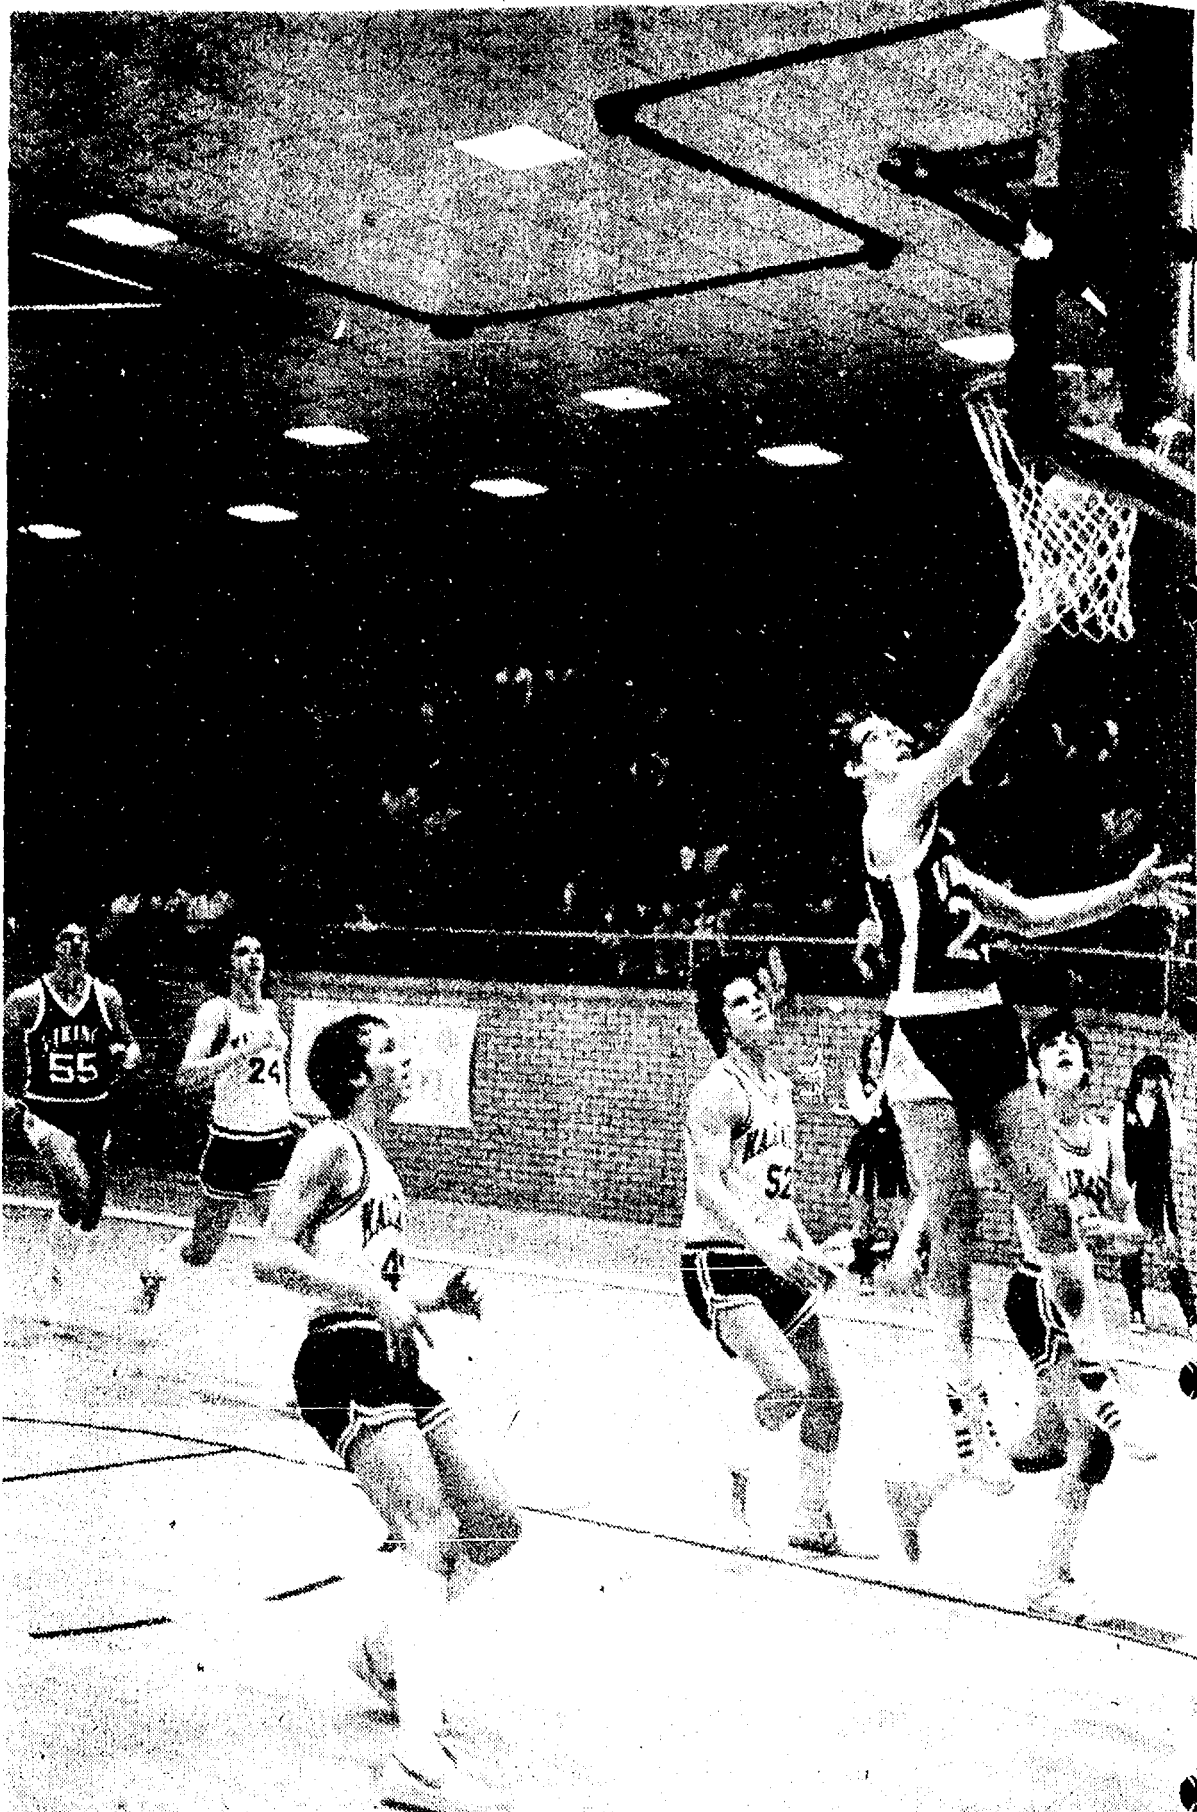

Grayling committed 29 turnovers while shooting a respectable 47 percent from the field. Hayes also said the Viking defense looked better this week and said seniors Tracy Fagan and Jamie Radebaugh played well.

Grayling was behind 14-12 at the end of the first quarter and 24-21 at the half. Grayling shot six air balls in the first half - missing opportunities to take leads in the game.

Trenary led scoring for Grayling with 12 points. Fagan and Radebaugh hit for 10 apiece, Ted Methner scored 5, Jim Schrader 4, Wayne Ross 3, and Mike Hickey, Jim Hill, Ryan Morford, and Monte D'Amour scored two each.

In the J.V. action, Grayling picked up a 49-44 win to up their record to 11-7 overall and 9-4 in the league. The Vikings nailed the Saints in the second quarter outscoring them 20-1 to take a 20-point halftime lead.

Jon Nicholas, and Barsie Cross each scored 11 points, Jim Stewart had 10, and Ken Lademan had 9.

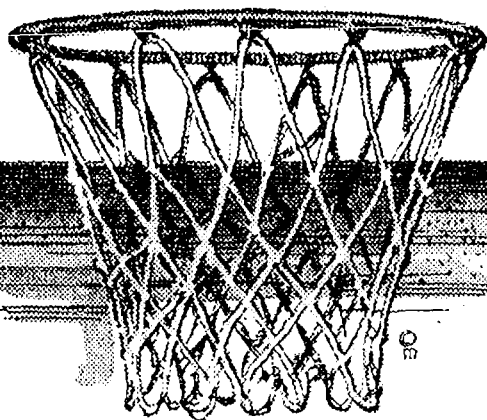

UNCONTESTED—Senior Ted Methner made a steal at the other end of the court and raced uncontested for two points at the Viking end of the court. Methner, the most consistent player for Butch Hayes recently, will try to carry Grayling to a district title.

Atkins-Kolb Speak Vows

Mary Kay Atkins and Roger Kolb were united in marriage on December 27, 1981, at Collegiate Presbyterian Church of Ames, Iowa.

Parents of the couple are Mr. and Mrs. Richard Atkins of Ames, Iowa, and Mr. and Mrs. Charles Kolb of Grayling.

Barbara Atkins, sister of the bride and David Kolb, brother of the groom, were the honor attendants. Stephen Atkins and Nathanael Kolb, brothers of the couple, seated the guests.

The bride is a graduate of Iowa State University and earned her master's degree from the University of Missouri. She is employed by the Cedar Rapids Community Schools. The groom, a graduate of Michigan Technological University is employed by Collins Division, Rockwell International.

The couple will make their home in Cedar Rapids, Iowa.

Students Earn KCC Honors

Fifteen Grayling students earned Kirtland Community College honors for their grades during the Fall 1981 semester.

Named to the President's List with 4.0 (straight A's) grade point averages were Charles Brightman, Stephen Schlueter, Michael Clement, and Joseph Guyette.

Making the Dean's List, requiring a 3.5 or above average, were Carl Borsodi, Christopher Bailey, Colleen Gillings, Thomas Jones, Paul Kaminski, James Scott, Darlene Shute, Geoffrey Stancil, Patti Shepler, Rodney Rumohr, and Barbara Kingsbury.

ABWA News

Featured speaker for the ABWA Feb. 18th meeting was Tony Doremire, Director of the Crawford County Ambulance Corp., Chief of the Grayling City-Township Fire Dept., and Grayling's 1981-82 Citizen of the Year.

Mr. Doremire, an EMT instructor, explained the various facets of the local first aid and CPR training program, and clarified some common misconceptions. Among them was the belief by many that time spent with an accident victim or patient at the scene is unnecessary time wasted, when in fact the opposite is true. EMT (Emergency Medical Technician) teams are in continuous radio contact with emergency room physicians, he said, and taking the time to monitor vital signs at the scene enables both the team and the doctors to provide immediate and proper treatment of the patient enroute to the hospital.

Bev Lowrie was vocational speaker for the evening, after which President Sally Hartig conducted the regular business meeting. Standing committee reports were given, February birthdays were observed, and May 7th was designated as 1982 Boss Night, to be held this year at the Chief Shoppenaagon Hotel.

Since March is ABWA membership month, everyone was urged to invite a new member to next month's meeting, and to continue supporting the efforts to organize an ABWA chapter in the Gaylord area.

Announce Engagement

Mr. and Mrs. Bill SESCO of West Branch wish to announce the engagement of their daughter, Traci Shawn, to Michael Doremire, son of Mr. and Mrs. Tony Doremire of Grayling.

The wedding will take place on April 24th in West Branch.

Sibs for Kids' Dance a Success

On Saturday, Feb. 13, Patti Walsh was chosen Sweetheart Queen by the AuSable Valley Youth Services Bureau and Crawford County Sibs for Kids. Patti's name was chosen from a selection of many other girls who attended the dance. She was awarded a lovely crown from R. Wiebers Jewelers, and a beautiful bouquet of roses, compliments of Flowers by Josie. We send our sincere thanks to those two businesses as well as Leon D'Amour and Dale Nicholas of the Grayling Middle School.

We also had a T-shirt drawing during the dance, and the winners were Shauna Dempsey, winning the Sibs for Kids T-shirt. Winning the AuSable Valley Youth Services Bureau T-shirt was Marie Stephan.

The Sweetheart Dance was a huge success as many middle school students attended and had a great time dancing to the music selections of Thane Doremire.

Watch the Avalanche for further information on dances to be held later this year.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

The rasping beat of wings was loud and the sudden guttural croaking reminded me that not all the large birds had headed south in the fall. Almost directly overhead a raven was passing in its everlasting search for food. There was a time not so long ago when I saw ravens only in the Upper Peninsula, but now we have a small resident flock here in the Tall Timber. While they may resemble the crow, the raven is larger, being 21 to 27 inches long and may have a wingspan approaching four feet. The tail of a raven in flight appears wedge shaped while that of a crow is more square.

The raven is normally a resident of wilderness areas over a wide range from Alaska to Greenland and south to the states of Washington and Virginia. It is a useful scavenger that kills large numbers of mice, rats and insects, but in areas where livestock such as sheep are found, the raven can be a problem. Since they prefer rocky coasts or coniferous forests, this area will support them and their habit of building a large nest of sticks lined with fur, moss or lichens in the top of a conifer. The four-to-seven dull green eggs are incubated by both parents. Like the crow, they exhibit much intelligence and will often work as a team to outwit more powerful animals in their search for food. The next time you see a large black crow-like bird, keep in mind it is a raven. The crows won't be back until the snow starts to melt.

WHEREAS, the total amount of unpaid delinquent taxes which will be outstanding on March 1, 1982 is estimated to be in excess of \$1,500,000, exclusive of interest, fees and penalties.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE COUNTY AS FOLLOWS:

1. 2. The said notes shall bear interest payable November 1, 1982, May 1, 1983, and each November 1 and May 1 thereafter, until maturity, which interest is not to exceed the maximum rate of interest as may be permitted by law on the date the notes are offered for sale. 3. There is hereby established the 1982 100% Tax Payment Fund (hereinafter referred to as the "Fund") and the Fund Collection Account No. 7 of the County (hereinafter referred to as the "Collection Account"), effective as of March 1, 1982, into which account the County Treasurer is hereby directed to place on the books and records all of the following payments received on account of the delinquent taxes:

All income or interest earned by, or increment to, the 1982 Note Reserve Fund, due to its investment or reinvestment, shall be deposited in such fund. When the 1982 Note Reserve Fund is sufficient to retire the notes and accrued interest thereon, it may be used to purchase the notes on the market, or, if notes are not available, to retire the notes when due.

6. The following are hereby pledged to the repayment of the notes and shall be used solely for repayment of the notes until the notes and all interest thereon are paid in full:

7. In addition, this note issue shall be a general obligation of the County, secured by its full faith and credit, which shall include the limited tax obligation of the County within applicable constitutional and statutory limits, and its general funds. The County budget shall provide that if the pledged delinquent taxes and any other pledged amounts are not collected in sufficient amounts to meet the payments of the principal and interest due on these notes, the County, before paying any other budgeted amounts, will promptly advance from its general funds sufficient money to pay that principal and interest.

If the proceeds of the delinquent taxes, pledged interest and collection fees or the 1982 Note Reserve Fund are not sufficient to pay the principal and interest when due, the County shall pay the same, as provided in this paragraph, and may thereafter reimburse itself from the delinquent taxes collected.

8. The County shall not have the power to levy any tax for the payment of the notes in excess of its constitutional or statutory limits.

The City Manager presented Council with a letter from Police Chief Stephan relative to purchase of a new Police vehicle. Council decided to delay discussion until the next meeting March 8, 1982.

Mr. Morford reported on development of an Airport Zoning Ordinance by Crawford County. The purpose of the ordinance is to control the air space immediately surrounding the Airport so as to minimize hazards to aviation which would result from structures which are too tall or which produce noise, lights which could blind pilots, etc. The ordinance as originally drafted also had a section which would attempt to discourage land uses which are now common in the city from future location in the city due to possible future noise, etc. from the increased use of the Airport. Mr. Morford felt that such restrictions would not be reasonable and would adversely affect economic development of the city for no apparent reason. Mr. Morford and the City Attorney will meet with the County Committee and attempt to resolve this problem while still accomplishing the goal of airport and resident health and safety which is the primary goal of Airport Zoning. The meeting is scheduled for 10:00 a.m. on March 3, 1982 at the Airport.

Celebrates 46th Anniversary

Boots and Larry Balch were very pleased when their son Larry and his wife took them to St. Mary's Hall on February 7th. Their first surprise was being greeted at the door by Larry's sister Josephine and their other two children - Helen Marie and Ernie. They were even more surprised when approximately one hundred friends, neighbors, and relatives called, "Happy Anniversary" and they realized they were being honored for spending 46 good years together.

The party was given by their three children - Larry, Helen Marie (Mrs. Bruce Nielson), and Ernie. Many

gifts and cards were received by the happy couple from those in attendance as well as from many who were unable to be there. A pleasant afternoon of good fellowship and food was enjoyed.

Those attending from out of town were Mr. and Mrs. Larry Balch Jr., and Scott Huber from East Tawas, Mrs. Josephine Nichols, Mr. and Mrs. Richard Furlong and children of Middleville, Mr. and Mrs. Tom Welsh and daughter of Bridgeport, Maribeth Akers and Scott Malone from Flint and Barbara and Kelly Verlinde of Frederic.

NORMAL?

The world's most familiar medical instrument is the thermometer. It measures one of the key symptoms in most illnesses.

Too bad we have no similar instrument for measuring key symptoms of spiritual illness. Some of us go along for years quite unaware that something serious can be wrong with us... something that will only become evident when we confront a crisis with which we have neither the resources nor strength to cope.

This is God's world. We are his creatures. Can there be anything more normal than to seek resources and strength from God... long before a crisis will test them.

Worshipping regularly provides opportunity for building spiritual health.

Northern Michigan
residents can now call
Congressman Bob Davis' of-

Warning Ruppe to Speak at Lincoln Day

Weapons firing will be con-
ducted at Camp Grayling
during the period 2-6 and 9
Mar 82.

Firing will be going on in
the following range area:

The Range 40 Complex
located north of County Rd
612, east of Guthrie Lake,
south of Old State Rd 618 and
west of County Rd F97.

The area will be closed to
the public during the period
2-6 and 9 Mar 82.

Former Northern Michi-
gan Congressman Philip
Ruppe, a candidate for the
U.S. Senate this year, will be
the principle speaker at the
Crawford County Lincoln
Day Dinner this Friday in
Grayling.

At 6:00 p.m., Ruppe will be
the featured speaker at the
Crawford County
Republican Lincoln Day
dinner. The dinner will take
place at the Grayling

American Legion Hall. Also
attending the dinner will be
Republican State Chairman
Mel Larsen, who will be the
master of ceremonies.

"I am looking forward to
returning to Grayling,"
Ruppe said.

"Both have traditionally
been strong supporters of

Republican candidates. To
unseat Don Riegle, I'll need
the support of strong Repub-
lican counties like these in
the November election," he
added.

Ruppe is vying for the
Republican nomination to
oppose the first term
Senator.
